Sonic

Dear Sonic

I agree with Kendra Brown's letter 100%! I agree with Sonic, not Antoine or anybody else. I also like to say that you were disappointed in King Acorn for making the choice between their true love (Sonic) and her right to

Kendra K. Crewe (age 15)

Dear Sonic-Gravy

In response to Kendra Brown's letter, I have to agree with her. Sonic's heart would be shattered if Sally even thought of going with Knuckles. Sally may be a player and all, but deep down inside she loves Sonic with all her heart.

Doronic Hardy (age 17)

Dear Freddy,

I am responding to Kendra Brown's and Jim Tonnell's letters printed in Sonic-Gravy #64. I agree with Kendra partially. The part I agree on is that Sonic and Sally have been together much more than Knuckles and Sally. Besides, Sally still loves Sonic (Sonic Super Special #1, page 32, panel 1) and Sonic loves Sally (Sonic #50 page 24, panel 4 and Sonic Super Special #6, page 39, panel 4). As for a girl for Knuckles, I think a likely candidate is Julie-Su.

Anthony Randolph

Dillwyn, VA

There are just a sampling of some of the letters we've been receiving on the subject. What do you think? We'd like to hear from you!

Hello, my favorite blue blur.

I wrote to discuss how issue #67 "blue" me away. Let me start off by saying "great job!" I loved the "Indiana Jones" theme (after all, he is my favorite human character). Also, am I mistaken, or is that a ROBOTECH-made spacecraft? If so, lose it! Robornik is a very tired fox. I've enjoyed these past ten issues (they're very exciting!). I have enjoyed the exploration of Mobius with you and Tails. The backup story was very interesting. Did Lupe and the Wolfpack appear in the cartoon?

Yours "bluey",

Mark2@aol.com

Thanks for the comment on **SONIC THE HEDGEHOG #67**, Mark2. What you refer to as a Robotech-made spacecraft are actually two satellites still in orbit above Mobius. And yes, Lupe and the Wolfpack made their first appearance in the cartoon episode entitled "Cry of the Wolf."

Dear Sonic

I just got done reading "Tomb Raider" starring Sonic the Hedgehog. I think it was great. 1) How come you twitched out nag for the Ring of Acorn? 2) How come Tails did not come with you when you went to the temple?

GADE111@aol.com

1) Sonic figured the ring's shape, size and weight would be about the same so the trap he was tripping would not catch he took the real ring. It obviously didn't work, but Sonic being Sonic was ready for it. 2) Sometimes Tails is

stay with Nate. Besides, Sonic wanted to handle it alone.

Hello Sonic Comics

It's the week before Christmas, and what better way to celebrate the holiday than with picking up a copy of **SONIC THE HEDGEHOG #71**. First off, Sonic #68. It was supposed for Sonic and Tails to make an "unplanned" stop, plus bring Nate Morgan back home. It reminded me of the great Indiana Jones. I also enjoyed the back-up story with Lupe and the Wolfpack. Hope they make it home safely. Then I read about Knuckles' encounter with George and Geoffrey St. John's discovery of Prince Eric and Queen Alicia. And now it's time for the "unplanned" in Sonic #68 next month. I have a few questions to ask: 1) How will Sally and the others react to the discovery of the lost prince and queen? 2) What surprise is Sally preparing for his 10th birthday? 3) Is it true that you will do a Sally Moon-Sonic The Hedgehog crossover in **SSS #17**? JCG060@aol.com

1 & 2) If you read issue 68, you already know the answer. 3) No, in **SSS #8**, Sonic meets Sally Moon from another zone (which is an homage to Super Moon).

Well, that's it for this month. Thank you all for your comments. See you in thirty. And remember...

KEEP ON JUICIN'!

COMING ATTRACTIONS

In three weeks: In a story called "The First Date," Knuckles agonizes over his feelings for Julie-Su. This story sends him on a journey that makes all the adventure and intrigue in recent issues seem like a walk in the park. Witness this romantic comedy as brought to you by Ken Penders, Chris Allen and Andrew Papoy. Also, a Mighty The Armadillo solo story. **KNUCKLES THE ECHIDNA #26** on sale mid-May 1999!

Next Month: The Freedom Fighters reunite in secret to investigate the mysterious satellites and who might be behind it all. You have three guesses — and the first two don't count! "The Truth Is Out There" is written by Karl Bollers with art by Butler and Eklund! Also, "Tales of the Great War" continues. **SONIC THE HEDGEHOG #73** on sale late May 1999!
